### FROM ELIDA NEW MEXICO.

Aug., 6, 1906,

Editor, New:

Since my last letter a great  
change has taken place here.  
For the last four weeks we have  
had plenty of rain and crops are  
very fine. Just as I predicted the  
rush for land has now com-  
menced. All good claims are  
taken within 15 miles of Elida.  
Every quarter near town now  
has a house on it, and by Christ-  
mas every one that intends to  
hold his claim will have a  
house.

I have been employed by the  
Roswell Telephone Co., in build-  
ing a line from Roswell to Elida.  
I put five weeks in on this line,  
hence I had an opportunity to  
see all the country between Ros-  
well and Elida. I am sure that  
near Elkins and Campbell is as  
fine country as there is in New  
Mexico, the land is different from  
this, if you had a shovel full of  
Elkins or Campbell land and a  
shovel full of the sandy land of  
Crocus bottoms you would  
think they were from the same  
place, although this land is a lit-  
tle looser. I am sure that no  
one would make a mistake in fil-  
ing near Elkins. There is plenty  
of land at these places and one  
can get as close to the railroad  
station as they would like, no  
Post Office at either place, only a  
railroad station. Here I would  
offer a suggestion if any one  
should by chance see these lines  
that have a family and have tried  
all the many years to gain some-  
thing in this world and have only  
found themselves deeper in debt  
and with a harder road upon  
them, come out here and secure  
a home where you will be

free and where your children  
can have a chance to do some-  
thing for themselves. If any  
man that is willing to hustle will  
come here he can easily make  
some clear cash above his living  
and at the same time gain title  
to a farm. Sometimes I am asked  
this question. "Do you sure like  
this country?" If I did not like  
and did not think that this would  
in a very few years prove to be  
as fine as any country west of  
Mississippi river, I would leave  
here in less than a week, for I  
can go away better than I come.

I have seen Indian corn, Mex-  
ican June corn, Kaffir corn, Sor-  
ghum, and in fact every thing  
that will grow any where grow  
faster and mature better than I  
ever saw in Ky., or Texas. Wheat  
made from 10 to 30 bushels per  
acre this year. It is thought that  
if the rabbits had not bothered  
it, the field would have averaged  
30 to 36 bushels per acre. Oats  
were not good, not even worth  
harvesting.

New Mexico is all right, but  
we are out just for statehood and  
then we are for that great and  
mighty character, W. J. Bryan  
for President. Respt,

ATTES MORGAN.

### Luckiest Man in Arkansas.

"I'm the luckiest man in Arkansas,"  
writes H. L. Stanley, of Bruno, "since  
the restoration of my wife's health af-  
ter five years of continuous coughing  
and bleeding from the lungs; and I owe  
my good fortune to the worlds greatest  
medicine, Dr. King's New Discovery  
for Consumption, which I know from  
experience will cure consumption if  
taken in time. My wife improved with  
first bottle and twelve bottles com-  
pleted the cure." Cures the worst
